MULCH BLOWING HOSE

Flex-Tube® PU is an all-plastic hose for bark mulch blowing that is flexible, lighter weight and more durable than conventional heavy-walled PVC hose.

Medium weight co-extruded thermoplastic polyurethane hose with a rigid external ABS helix

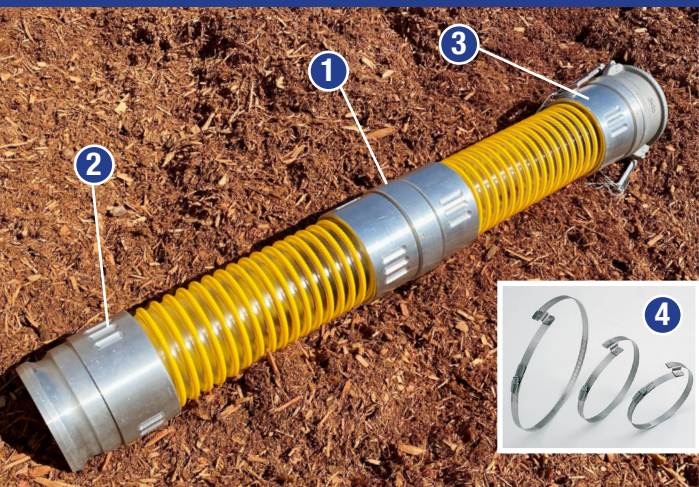

- Ultra smooth interior assures efficient airflow
- Great abrasion & crush resistance
- Excellent wear performance
- Puncture & tear resistant, high tensile strength
- Good low temperature flexibility
- Helix acts as a wearstrip
- OEM lengths & colors available

SIZE4", 5", 6"

LENGTH50', 100'
